

Statement of purpose

Name of the establishment:

The One Health Group, Sheffield

Dated:

Version 16: February 2019

1. The aims and objectives of the establishment/ agency

One Health Group (OHG) is an organisation dedicated to the provision of specialist Orthopaedic treatment (care of conditions involving muscle, bones and joints throughout the body), Spinal, General Surgery and Gynaecology.

We are managed by a team of specialist consultant surgeons and healthcare managers working together to provide the best possible treatment plans for NHS and Private Patients.

Our purpose is to promote and maintain the best quality of care and to provide a fast and efficient service which aims to get our patients back to work and return them to their normal lifestyle as soon and as safely as possible.

In achieving this we will strive to deliver personalised care to all our patients which is:

Fair: - equally available to all, taking account of personal circumstances and diversity.

Personalised: - tailored to the needs of each individual patient.

Effective: - focused on delivering excellent outcomes for all our patients.

Safe: - giving our patients confidence in the care they receive.

2. The kinds of treatment and any other services provided for the purposes of the establishment/agency, the range of needs which those services are intended to meet.

One Health Group provides medical services to both private and NHS patients for the management and relief of Orthopaedic, Spinal, General Surgical and Gynaecology conditions. This includes assessment and diagnosis as well as conservative treatment plans and surgery. Referral to the One Health Group can be made by your GP, Physiotherapist or local NHS Primary Care Trust. Our website (www.onehealth.co.uk) contains a list of Frequently Asked Questions relating to referral and treatment by One Health Group.
